e.le.men.ti

comes from Italian language
which meaning is ELEMENT

ELEMENT
is a part or aspect of something abstract, especially one that is essential or characteristic.

DOMUS

do.mus

comes from Roman language
which meaning is HOME

HOME
is the place where one lives permanently, especially as a member of a family or household.

Concept of Product

Elementi Domus offers exclusive furniture system, able to capture the needs and tastes of a heterogeneous and international audience, characterised by an exceptional compositional versatility and by the infinite variety of materials and finishes. Diverse collections, despite the perfect consistency of style. All material and parts are made entirely in Italy to ensure the quality, with attention to detail through the continuous search for reliability, safety, and durability.

Elementi Domus was formed to provide the best quality and innovative products without ignoring environmental sustainability and committed to providing more value from the most important elements in the house.

Concept Five Element

According to some traditions, everything in the universe comes from the five elements ; wood, fire, earth, metal and water. These are the main concept in creating Elementi Domus.

Fire
Fire is represents fame, inspiration and our visibility. It's also related to our passion and emotional expression.

Water
Water is associated with social life, make connections with others among family at home.

Wood
Wood is related to flexibility and represents growth and progress.

Metal
Metal is related to beauty, joy and efficiency. Metal also connected give color at home.

Earth
Earth is related to overall well-being. It is to bounding all elements.
